The Montour Trail follows the path of an old railroad, now converted into a walking and biking trail. Currently there are 44 miles of smooth limestone parkland, much of it groomed and maintained by volunteers. The non-profit, all volunteer Montour Trail Council salutes the efforts of all those who have helped out over the past 20 years.

Time is running out! Reservations must be received by October 23. You can find the reservation form at:
