

MONTOUR TRAIL COUNCIL 2005 ANNUAL REPORT

Five steps to making southwestern Pennsylvania healthier and more attractive:

On October 15, the Council opened the new Muse-Bishop Road bridge, which soars above the reconstructed roadway in Cecil Township.

able achievement in just 12 months

- Built our own garage in Cecil to house our six maintenance vehicles and other equipment

2. Celebrate the Trail and thank its helpers

- Celebrations in 2005 recognized the reopening of 10 miles of hurricane-ravaged trail, the opening of the new Muse-Bishop bridge, and the opening of new mileage in Peters.
- Moon, Robinson, North Fayette, and Findlay Townships received special recognition for their significant contributions to flood repair.
- PENNDOT, the Pennsylvania Department of Conservation and Natural Resources (DCNR), the Southwestern Pennsylvania Commission, and the Allegheny Regional Asset District provided federal, state, and county support.
- The Washington County Tourist Promotion Agency provided a second grant to aid completion of the Montour-Panhandle connection
- U.S. Senator Rick Santorum and Congressman Tim Murphy spearheaded energetic advocacy for the Montour Trail, leading to federal appropriations of \$2 million toward remaining construction projects!

1. Build, maintain, and re-build the Montour Trail

In 2005 we:

- Constructed 1.7 miles of trail connecting the Arrowhead Trail in Peters to Lindenbrooke Apartments near Route 88 in Library
- Built a new 190 foot-long bridge to carry the Trail over Muse-Bishop Road in Cecil, replacing the 1913 railroad bridge that was deemed unsafe for vehicle traffic beneath
- Rebuilt the former railroad bridge over Robinson Run, on the connector beneath the McDonald Trestle, near where the Montour and Panhandle Trails intersect.
- Repaired and reopened the first 10 miles of trail along Montour Run that were devastated by Hurricane Ivan in September 2004—an incred-

On June 25, Washington County Commissioner Bracken Burns and U.S. Congressman Tim Murphy helped the Council officially open its new, attractively shaded mileage in Peters Township.

3. Use the Trail

- As the completed mileage grows, so does the Montour Trail's popularity among bikers, walkers, and strollers. Big crowds are especially noticeable on sunny weekends along the Trail's most suburban

2.

segments—in Moon, Robinson, Findlay, Bethel Park, and Peters.

- Residents of Lindenbrooke Apartments, where nearly 1,000 people live, have been particularly excited to have one of the prettiest, most wooded sections of the Montour Trail literally by their driveway.
- Connections to the Trail from nearby landowners continue to increase. Developers of new residential communities in Peters and North Fayette have included, as a project amenity, paved pathways permitting homebuyers to access the Trail directly. A direct connection from the RIDC West business park to the Trail is nearing completion.

4. Promote the Trail with special events

- Our two biggest annual events, the IKEA half-marathon, 5-kilometer run and walk in September and the Bugh's Run in April, were smashing successes again, drawing 1,500 participants and raising over \$40,000 for the Trail.
- The "Tour the Montour" ride in September attracted 154 riders and netted over \$7,000 for the Trail.
- Outback Steakhouse in Robinson introduced an innovative fundraiser that combined a scavenger hunt (or a "walkabout" in Australian parlance), Trail hike, and dinner. Outback donated the food and prizes, so all proceeds from the 133 tickets sold went straight to the Trail.
- The third annual Twilight Trail Walk, held in July on the Arrowhead Trail in cooperation with Peters Township, drew over 400 people for an evening of jazz music, refreshments, and an illuminated trail stroll.
- Many other events conducted by individual Trail Friends groups highlighted the Trail's value to each community through which it passes.

5. Keep funding the Trail

None of steps 1-4 could happen without financial and volunteer

help from our growing number of supporters. In 2005:

- Trail membership surpassed 1,000
- Individual donations to the Trail exceeded \$73,000
- Over 6,430 hours of volunteer service were reported, with an estimated value of \$112,850
- In-kind donations totaled over \$25,000, much of it from Allegheny County and municipalities along the Trail
- The Montour Trail Endowment Fund, initiated to assist with perpetual maintenance of the Trail, attained a fund balance of \$56,000
- Popular support of the Trail helped us obtain thousands of dollars in event sponsorships plus major grants, including federal appropriations of \$2 million, to support remaining Trail construction projects

Thanks to all who make the Montour Trail possible! If you or someone you know has been inadvertently omitted from the following list of 2005 contributors, please contact us.

On September 16, the Council celebrated the reopening of miles 0 to 10 that were almost completely destroyed by Hurricane Ivan in 2004.
